Manxman

Built in 2023, Manxman is the first new build vessel the Company has commissioned since Ben-my-Chree joined the fleet in 1998.

Manxman has a passenger capacity of 948, that's over 300 more than the Ben-my-Chree. It has 10% more lane capacity for vehicles too. It's open and spacious feel comes down to clever use of space and design with cafés, bars and a selection of quiet spaces and dedicated space for pets.

Manxman operates daily sailings between Douglas and Heysham.
